### Program of Instruction

Stance and movement, triple threat, offensive moves, dribbling, ball handling, shooting, passing and pass receiving, moving without the ball, team play through league games.

Also...improving your practice habits, developing a workout, learning to concentrate, motivation and goal setting, and the intangibles.

After rating each child's skill, he or she will be placed on an age — and ability — matched team so he or she will compete against campers of similar ability.
